PCEA 2014 National Convention
The 2014 PCEA National Convention will be held at the Wyndham Oceanfront Hotel in Virginia Beach, VA from April 30 through May 4. Convention Chair Cebert White and his committee have been working hard for months to make this a convention second to none! More information to come, make plans to attend this great convention.
New PCEA Triangle Chapter 3 Member Frank Sydnor, Jr.
Frank Sydnor, Jr. was presented with his new membership plaque at our January 2014 membership meeting by President Marc Marotta. Frank is a student at Wake Tech in the construction management program. Frank will be starting up a new interior finish contracting business.

Welcome New Members
The PCEA Triangle Chapter Board of Directors approved new membership applications for Roberto Nunez with NCSU’s construction program and Rob Pope with Incline Construction, our past program presenter on Sporting Clays Shooting Tips. Welcome these new members at our February 20 membership meeting at Casa Carbone.

PCEA Chapter Elections
The PCEA Triangle Chapter 2014-2015 Elections for incoming officers will take place at our March 2014 membership meeting. Consider running for a chapter board position or serving on one of our chapter’s committees. Our chapter needs your participation to continue our mission of promoting construction as a viable career option to young people.
PCEA National Legislative Report February 2014
Glenn Hessee NC Legislative Chairman

House Committee Meeting On Mechanics Liens and Leasehold Improvements
The NC State House Committee on Mechanics Liens and Leasehold Improvements held their first meeting this year last week to discuss issues regarding the implementation of the NC State Mechanic Lien Laws now in effect.

E Verification
In 2013, states passed 437 laws and resolutions involving immigration, with NC lawmakers approving just five of them according to a report by the National Conference of State Legislatures. North Carolina’s legislation included a law clarifying which contractors must use the E-Verify system and studying other illegal immigration issues. Effective July 1, 2013 employers with 25 or more employees are required to use E-Verify to check work authorization for all new hires.

Privilege License Taxes Issues
One of the next steps in NC State Tax Reform may involve privilege license taxes imposed by cities on businesses. After reviewing complaints from business owners on what they perceive as unfair and unreasonable privilege taxes imposed by some cities, the NC State Revenue Law Study Committee wanted to address the issue. There is an interest in the committee for drafting legislation. Privilege license taxes were part of tax reform discussions that took place last year, but did not make it into final legislation passed by the General Assembly. Business representatives who spoke to the assembly said now is the time to make a change. Present NC State legislation gives cities wide latitude on how taxes are imposed on businesses.

Our 26th Annual Don Mizelle PCEA Spring 2014 Scholarship Golf Tournament will be held Friday, May 30, 2014, at Eagle Ridge Golf Club in Raleigh, NC. This par 71, 6,904-yard track, set in a spectacular, wooded rolling terrain is a challenging and rewarding test for players of all skill levels since it opened in October 2000. Eagle Ridge was designed by 1992 US Open Champion Tom Kite. He did much more than just lend his famous name to the project. The characteristics of this course reflect the qualities that made Kite a 19-time PGA tour winner - a hard working attitude and the ability to hit wedge shots close.

Registration begins at 9:30 AM with a 11:00 AM shotgun start for this Captain's Choice (Superball) tournament. There will be a putting contest for all those interested and it will start at 10:30 AM. Winner will receive $100.00. Don’t be late. We would appreciate all players to be registered by 10:45 AM and at their carts by 10:50 AM. Award ceremony will follow round.

Proceeds from this tournament will support our Education and Scholarship Funds for students at local universities, community colleges, and high schools that are entering into construction related fields. We offer approximately $15,000.00 in scholarships every year to students enrolled in construction related curriculums.

You can continue to support these activities by participating in one of the following ways:
